EXPLANATORY NOTES

1. 'Centre' means the Central Government and the Government of Union Territories, which do not have legislatures. Delhi, which was earlier included in Centre, has been included in the States since 1993-94 after it became an Union Territory with Legislature.
2. Figures for the years prior to 2007-08, unless otherwise mentioned, are actuals.
3. The ratios to GDP since 1950-51 are based on the new series of GDP at current market prices, released by the Central Statistical Organisation and may differ from ratios given in the earlier issues of this publication.
4. Tables 1.1 to 1.6 present the consolidated budgetary operations of the Central and the State Governments. Inter-governmental transfers like grants and loans to the States have been netted in the process of consolidation.
5. In Table 2.2, States' share in Central taxes is not included. It is included under the States' revenue receipts. Figures in Tables 2.1, 2.4, 2.5 and 2.6 from 1997-98 onwards are exclusive of States' share against small savings collections.
6. Tables 3.1 to 3.6 are based on analysis of the budgets of 29 States and Puducherry, a Union Territory with legislature. The actuals for 2001-02 include three new States, viz., Chhattisgarh, Jharkhand and Uttrakhand formed in November 2000. As the new States were carved out of the existing states of Madhya Pradesh, Bihar and Uttrakhand, data prior to 2001-02 is included in the respective undivided states.
7. Under Article 270 of the Constitution, as amended from 1st April, 1996 by the Constitution (80th Amendment) Act, 2000, a prescribed percentage of net proceeds of all Central and UT taxes (except Union surcharge, cesses levied for specific purposes and duties and taxes referred to in Articles 268 and 269) is to be assigned to States on the basis of recommendations of Finance Commission. The Twelfth Finance Commission has recommended that 30.5 per cent of the net proceeds of Central taxes be assigned to States for the five year period commencing 2005-06.
8. The States' share in respect of various Central taxes from 2000-01 till 2004-05 onwards have been worked out notionally applying a uniform share of 29.5 percent to all Central taxes (net of Union surcharge, cesses levied for specific purposes and duties and taxes referred to in Articles 268 and 269). For 2005-06, the share is 30.5 per cent of all central taxes.
